Mr. Dean explained the district has \$2 million in cost savings from other projects and \$2 million from the current bond election that could be used to make up the \$4 million dollar difference. He also stated that student growth does not warrant the district to acquire property at this time; therefore, the \$2 million set aside for that purpose could be used as well to fund Phase II of the LCHS remodel project.

There was a discussion with regard to the areas that are still to be renovated. Phase I completion cost was \$47,000. Mr. Castro asked if there are plans for a remodel at Mayfield High School and Mr. Dean stated the school does not qualify for state assistance through PSFA as they are not in the top 37 of neediest schools in the state.
