LCPS Vision and Hearing Screening Instructions

(SAT Form LCPS VHS Instructions)

Paperwork:

*The referring teacher or SAT team will fill out the top of the Vision and Hearing Screening, not the nurse.

Timeliness:

*Allow School Nurses 1 week – 10 days to complete Vision and Hearing Screening

*Vision and Hearing screenings should be done weeks before they are needed, not months before they are needed or else the nurse would need to re-screen.

If a student fails a Vision or Hearing Screening:

*Plan ahead and allow time for failures.

- 1) If a student fails, the nurse will make a copy of the screening indicating the area the student failed.
- 2) She will return this to SAT with whatever follow-up she has planned.
- 3) When the screening is complete and student has passed, the nurse will sign at the bottom on line that says, "SCREENING IS COMPLETE" and give a copy to SAT team.
